12 March – The Mysterious Stone circles, Adams Calendar and Kaapsehoop

We start the day with a visit to the Stone Circle Museum and a visit to the nearby enigmatic stone circles.

We follow this with a visit to the ancient monoliths of Adams calendar

and imbibe the great wonder and beauty that enshrines this incredible site. Brought to international attention by Michael Tellinger we explore some of his insights and research of the area over the past 7 years. As an ancient site of shamanic initiation, what will these magical stones reveal?

We then travel to Kaapsehoop where you have an opportunity to interact with the wild horses and explore the surrounding stones.

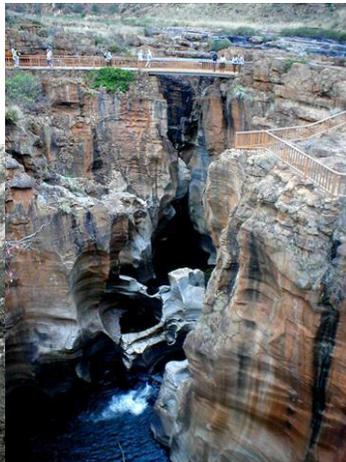

Overnight at Kaapsehoop

13/14 March – Elephant Sanctuary, God’s Window, Blyde River, Lisbon Falls, Bourkes Luck Potholes, Graskop

2 nights in Graskop

16 March – Great Zimbabwe, Matopos

We make an early start for the journey to Masvingo, Zimbabwe, where we will spend some time exploring the enigmatic 900 year old stone ruins of Great Zimbabwe.

This ancient settlement lies on the Nilotic Meridian that links the Sacred White Lions with the Giza Plateau and runs the length of the African continent. Mythologies abound around the underground 'river of gold' that holds spiritual significance for the planet and humanity's evolution. We will conduct our own sacred ceremony at this significant site as we connect with the land and the ancient stones

Overnight in Masvingo, Zimbabwe

15 March – Modjadji Reserve, Queen Modjadji Homestead, Jurassic forest, Sunland Giant Baobab

We visit the home of the fabled Rain Queen (Modjadji), the unique Jurassic forest with some of the oldest and largest cycad specimens on the planet, and one of the oldest Baobab trees.

Trees are referred to by the local indigenous tribes as 'Standing People'. What have these trees seen, what wisdom do they embody?

We enjoy sacred ceremonies and spend a night in the traditional huts of the African Ivory Route.

17/18 March – Kruger National Park

We enter into the world famous game reserve through the northernmost gate to spend the next 2 days/ nights immersed in the power, majesty and magic of wild Africa. Enjoy a Safari and guided bush walk (an optional extra), as you connect with the sacred feminine and the untamed land.

2 Nights spent inside the park

19/20/21 – THE SACRED WHITE LION SANCTUARY (TSAU)

A real highlight of our tour, we take a drive through the Kruger Park to emerge near Hoedspruit and make our way to Tsau, the sacred homeland of the legendary White Lion. During our stay here, we will hold our own sacred equinox ceremony – actually on the Nilotic meridian – enjoy 2 x daily encounters with the White Lion, lectures, a visit to Jessica, the wild, yet tame Hippo and a number of optional activities. If Linda Tucker is onsite, she will share some of her special encounters with these amazing, sacred animals. In the quiet of the African bush, your inner voice becomes more pronounced – what will these beautiful animals have to share with you?

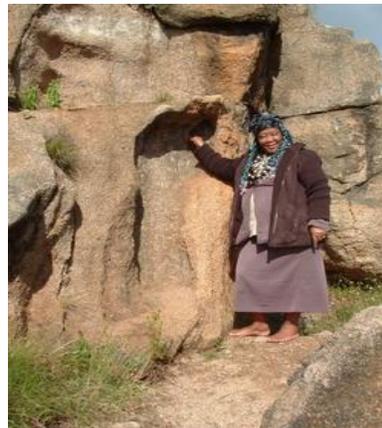

22/23 – Boondocks Mountain Retreat, Barberton

At 3.5 million years old, the Barberton Greenstone Belt is a mountain range with the oldest rock outcrops in the world. Nestled in these mountains with spectacular views over the valley and on-site labyrinth, is a sanctuary for the soul, Boondocks. Here we will spend some time integrating the experiences and insights of your African journey. Invigorate your being in this peaceful space, interact with the local wildlife and allow your soul the chance to communicate.

24 : Barberton – Goliath’s Footprint – Johannesburg

We leave the calm of the sanctuary to travel back to Johannesburg and our journey will take us via the final enigmatic site of the Giant Footprint. Considered by Credo Mutwato be a holy site with the energy of peace, love and healing. Anchor the pulse of Mama Afrika into your heart as we consolidate and embody all of the experiences and memories through the time spent on this sacred land.

We say our final goodbye’s in Johannesburg as you prepare for an evening flight home. What memories and insights will you take away with you?
